PUBLIC NOTICE

Effective until August 1, 1987 or until otherwise extended or rescinded.

Welcome to the Okanogan National Forest, yours to enjoy and use for a variety of purposes. However, in order to protect National Forest resources, safeguard users and minimize conflicts of use, it is necessary to establish controls on the use of areas, roads and trails in the Okanogan National Forest. This map — the Forest Travel Plan — shows where travel is allowed and where restricted on National Forest land. The controls explained on this map do not apply to State or county road systems. This plan was developed in cooperation with the Colville Confederated Tribes and Washington State Department of Game.

The travel plan will be reviewed annually and public comment will be sought during the review period. You are, of course, encouraged to comment at any time. Please feel free to visit the Forest or District Offices to discuss the reasons for any closure with us.

Temporary Closures

Use may be temporarily limited in some areas and on some roads or trails during periods when use would damage resources or would be hazardous. Such temporarily restricted areas, roads or trails are not shown on this map.

Public notice of temporary restriction on areas, roads or trails will be available at the District Office having jurisdiction. Public notice will also be posted at the restricted area and/or on the restricted road or trail.

Road and Trail Closures

The REFERENCE NUMBER identifies the road or trail which is closed to travel during the time periods shown. On the map, roads are shown by solid red lines and trails are shown by dashed red lines.

During Forest Fire Season

Washington fire season is normally from June 15 to October 30. However, it may be adjusted by public announcement due to fire weather. Publicly announced fire precaution closures apply to all National Forest users.

Please have a shovel and bucket on hand when lighting camp or warming fires in areas other than designated improved campgrounds.

Power saw operators must have an 8 ounce liquid chemical or 1 pound dry chemical fire extinguisher and a shovel in their immediate possession. The saw must also have a screen type spark arrestor installed with maximum screen openings of 0.023 inches.

All motorized vehicles must be equipped with baffle-type mufflers and tailpipes or serviceable Forest Service approved spark arrestors.

The use of fireworks is prohibited on National Forest land.

Note: The Lake Chelan – Sawtooth and Pasayten Wilderness boundaries are approximate.
